Last reference. Letters Nos 18, 31 and 42 dated 9th, 12th and 16th July 1901 respectively from the Agricultural Chemist.

The agricultural chemist has submitted two bills for the months of May and June 1901 on behalf of Mr A. V. Krishnayya and three bills for the month of April, May and June 1901 on behalf of Mr Venkat Rao. In submitting the former two bills, he sought Govt sanction for having allowed the Asst chemist to take a tonga instead of a horse and the latter three bills he submitted with the Comptroller's objection to pass.

pass the bills for want of Govt. Sanction to the rate of travelling allce claimed.

In these bills the following rate of travelling allce allowable for Asst. Geologists is claimed:—

Rs 4 — daily batta

8 as — Mileage.

The authority under which the above rates are claimed, being questioned, the Agricultural chemist states that both the Asst. chemists retained after their transfer the same grade and privileges they enjoyed in the Geological Deptt. before they were transferred to his Deptt, that they had ×received the title of Asst. chemists in charge of Asst. the same work in the same place for the same Department as they did before being transfered and that in the face of these facts he did not consider it necessary to have special Govt orders regarding their travelling allces as these necessarily remain the same as before.

He contends that the rates of travelling allces applicable to Asst Geologists apply as well to Asst chemists and requests that the bills may be sanctioned and forwarded to the Comptroller for audit.

Dear Sir,

In forwarding herewith Mr. A. V. Krishnaiya's Travelling Allowance Bill for the month of May 1901 I beg you to kindly request Government to sanction his taking a tonga instead of a horse to the latter of which I understand he is entitled. When sending him to camp I permitted him, in anticipation of Government sanction, to take a tonga and charge for the same not more than he would have to pay if taking a horse. As this does not involve the matter of any additional expenditure I hope Government will see their way clear to kindly give the anticipated sanction.

I have the honor to be,
dear Sir,

Dear Sir,

I beg to forward herewith the travelling allowance bills of Mr B. Venkata Row. B.A., Assistant Chemist which were returned with the accompanying note from the comptroller's office. As Mr. Venkata Row and Mr H.V. Krishnaiya retained the same grade and standing when transferred to my department as they enjoyed before, I take it as a matter of course that they retain the same travelling allowance as well. But as some one in the Comptroller's
